What others say about Mattias Asplund:

***“Mattias is one of those rare managers who also naturally serves as an inspiring mentor. His profound knowledge and expertise of ethical procurement practices allows him to exhibit strong interpersonal skills and a unique capacity for empathy. These qualities most notably translate in his ability to motivate a team to care about its project and be invested in the project’s success. Mattias is definitely the go-to person for conflict resolution and problem solving. Though he’s never one to draw attention to himself, Mattias’s positive attitude and the respect others feel toward him are palpable! I most certainly will continue to use Mattias as a mentor and explore his wealth of knowledge! Looking for a leader who people aspire to follow.... Mattias is your guy!!!”***
